Resolution coaching

Archive Drawer Resolution Adult Guide:

- Adult-led setup: place the archive drawer, blank slips, pencils, and one resolution card on the table before the paper-only work begins:
- Adult-led framing: keep every loose thread, last choice, changed feeling, closing image, leftover question, next-story seed, and archive drawer label fictional:
- Adult-led order: move from loose thread to last choice, changed feeling, closing image, leftover question, next-story seed, and archive drawer label:
- Adult-led support: let the writer write or dictate short paper lines while the adult keeps the archive drawer sorted:
- Adult-led safety: use pretend names, broad made-up places, and invented actions instead of personal facts or exact identifiers:
- Adult-led finish: reread the paper-only resolution plan, choose the next-story seed, and write the archive drawer label:

Use one story resolution card at a time. Keep every change broad, invented, paper-only, and guided by an adult.
