- Keep every example made-up, broad, printable, offline, paper-only, and guided by an adult.
- Use small paper slips so the writer can move details before copying the final paragraph.
- Replace narrow real facts with invented names, broad story places, and pretend objects before writing begins.
- End each activity by copying one focused fictional paragraph that keeps one main idea and two helpful details.

Use one clipboard story paragraph-focus card at a time. Keep every choice broad, invented, paper-only, and screen-free.
