Paper Sleeve Story Sentence Variety Adult Guide

- Print the paper sleeve sentence variety cards, blank strips, and guide pages before the adult-led paper session.
- Begin with one plain fictional sentence, then coach short sentences, stretched sentences, question sentences, starter swaps, sentence combines, rhythm checks, and final lines.
- Keep every example made-up, broad, printable, offline, paper-only, and guided by an adult.
- Use one sleeve strip for each sentence shape so the writer can compare rhythm without crowding the page.
- Change sentence shape without adding narrow outside facts; use invented objects, broad story places, and made-up character names.
- End each activity by copying one final varied fictional sentence that sounds clear, smooth, and intentional on paper.

Use one paper sleeve story sentence-variety card at a time. Keep every choice broad, invented, paper-only, and screen-free.
